BLAIRMORE DEPUTATION TO SUPPORT EDUCATIONAL TAX INCREASE

The regular meeting of the Blairmore town council on Monday night was presided over by Councillor W. Patterson in the absence of Mayor McLeod. There were present, Councillors Owen Morgan, Evan Morgan, J. A. McDonald and Secretary Wright.

The minutes of previous regular meeting and of special meeting of November 21st were approved, and accounts considered included the following: J. Spence \$150.00, W. Lorne \$223.50, R. Crayford \$48.00, J. Rendall \$48.00, C. Chestnut \$66.00, T. Thompson \$44.00, A. J. Smith \$10.00, I. Rae \$28.00, M. Steiger \$40.00, D. Walker \$6.00, W. A. Siler \$12.00, T. Wisler \$16.00, Charlie Pauver \$80.00, McLaren Lumber Co. \$184.93, S. Crawford \$41.00, Workmen's Compensation Board \$25.40, Alberta Government Telephone's \$13.50, J. Markov \$15.00, C. Bouthiller \$3.50, L. H. Putnam \$62.50, S. Ennis \$114.30, Blairmore Enterprise \$27.60, E. Hinds \$4.00, Attorney-General's Department \$75.00, Northern Electric Co. \$31.37, Petty Cash Accounts \$20.64, Mr. Torkan \$66.00, A. Morency \$30.55. Total of accounts \$2290.59.

Communication was received from the Secretary of Drumheller, asking the town's support towards securing an increase of the minimum educational tax from \$4.00 to, if possible, \$4.00. Morgan-McDonald, that secretary be instructed to support same at meeting of Union of Alberta Municipalities. Carried.

Councillor McDonald gave notice that at the next regular meeting of the council he would introduce a by-law to amend By-Law No. 4, respecting automobile driver's licenses.

Reference was made to notice given at the previous regular meeting to the effect that a by-law would be introduced at the next meeting to amend By-Law No. 9-A, being the street regulation by-law of the town, to be known as By-Law No. 82. The proposed amendment was not yet in the hands of the secretary. Referring to same, one of the councillors very aptly remarked: "You will have to put life in all those silent policemen to watch people spitting on sidewalks."

Councillor Owen Morgan, as chairman of the finance commission, objected to the action of the council in granting a cheque for \$500 to cover the mayor's trip to Ottawa, claiming that at the present time it was difficult to collect taxes and water and light rates, owing to miners being out of employment, and in face of the hardships confronting the ratepayers and consumers of light and water they were threatened with disconnection from service if accounts were not paid within a certain short period. He failed to see how the town could afford to throw away any money, but at the same time quite realized the necessity of bringing pressure to bear upon the government to assist the town and relieve the possibility of further damage being done by high water next year.

PALM CAFE HAS BEEN RENOVATED

The Palm Cafe, which for a few days had been closed for the purpose of effecting extensive alterations and renovations, was re-opened to the trade last week end.

In future the Palm will be operated as a light lunch and ice cream parlor. The changes made have produced a very attractive and inviting effect and the Palm is now one of the finest refreshment spots of its kind in Southern Alberta. Large stocks of confections and fruits are on display and the lunch parlors are attracting an unusual amount of trade.

A district court sitting was held in Blairmore yesterday, presided over by Judge McDonald.

TEACHERS CONVENTION AT COLEMAN

The teachers of the Crows' Nest Pass section of the Macleod inspection met in annual convention on Friday last at Coleman. The meeting was attended by about fifty teachers and was presided over by President D. M. J. Conway, principal of the Blairmore public school.

Mr. Barnett, general secretary of the Alberta Teachers Alliance, was present and addressed the meeting.

The convention closed with a banquet given by the Ladies' Auxiliary of the Institutional Church. Speakers on this occasion included Mr. W. Lee, representing the town council; Mr. Alex. Cameron, representing the school board; Revs. A. M. Neal and D. K. Allan, Inspector Morgan and Mr. Owen Williams.

The session proved most interesting and profitable and was brought to a close with the singing of the National Anthem.

BELLEVUE CURLING CLUB HAS BEEN ORGANIZED

At a largely attended meeting of curlers and "would-be's" held in the Bellevue Inn on Wednesday evening of last week, the organization of the Bellevue Curling Club took place.

The meeting was presided over by Mr. D. G. Mackenzie, of Blairmore. The election of officers resulted as follows:

Honorary President—Mr. J. Chabonier.

President—Dr. J. A. Key.

Vice-President—C. Emmerson.

Secretary-Treasurer—J. McDonald.

Ice Committee—Mrs. Zettie, Messrs. H. Best and Thomas Bradbury.

The new club is off to a good start and hopes for a big membership.

Think Yukon Is Growing Warmer

Has Had Hottest Summer and Autumn On Record

The possibility that the Arctic climate is getting warmer is being discussed at Dawson, Y.T. The Yukon has just experienced the hottest summer and autumn on record. The daily mean temperature has been the highest in 25 years. It was about 60 degrees Fahrenheit averaging in June, July and August, while the temperature went to 91 degrees on several occasions.

The most uniform and gradual change was recorded this fall and the Yukon River remained open for a total of six months.

November 16 was the anniversary of the latest closing of navigation previously recorded. The river was still open from Dawson to White Horse and north for many miles, although ice was running in the big rivers as far south as Selkirk.

Several men left Nov. 16 to tramp the winter trail and get their Christmas dinners in Vancouver.

Paper Industry in Alaska

Timber, Waterpower and Transportation Conditions Make Development Easy

Development of an important pulp and paper industry in Southeastern Alaska is inevitable because of the waterpower, timber and transportation conditions there, in the opinion of Secretary of Agriculture Wallace.

"The rate of development of the pulp and paper industry of the territory," says Mr. Wallace, "will be controlled by the economic factor of distance from present consumption centres, and by the necessity inherent in the industry itself, for large capital investments, rather than by physical disadvantages. The physical conditions in Southeastern Alaska—presence of cheaply developed power, an enormous supply of inexpensive wood, and the available ability of water transportation—are the very factors which make inevitable the expansion of pulp and paper manufacture in the Territory."

U.S. Intellectual Classification

Dr. Wm. Starr Myers Says Only Twenty Million People in U.S. Are Intellectual

Addressing the Canadian Club at Hamilton, Dr. Wm. Starr Myers, professor of history and politics at Princeton University, said that only 20,000,000 of the 105,000,000 people in the United States could be classified as intellectual.

It was on these that the republic will depend for its leadership of judgment. What of the remaining 85,000,000 of people. From the best psychological, biological and other tests, 45,000,000 of them were sub-normal and had intellects equal to juveniles of 14 years; 15,000,000 of them were feeble-minded, and had the mental equipment of children of eight years of age, while the remaining 25,000,000 could at best only be classed as being mediocre.

Deploable as these statements were, Dr. Myers said they should be recognized as facts.

Confronting the brains and the intellects of the United States (hereafter), he said, was the problem of Americanizing the foreigner, but, rather the prevention of the foreign de-Americanizing the United States.

U.S. Behind in Shipbuilding

Has Dropped to Sixth Place in Last Four Years

The United States has dropped among the shipbuilding nations of the world in the last four years, the Department of Commerce states. Not only Great Britain and Germany, but also Italy, France and the Netherlands are building more tonnage than the United States, according to returns for the quarter ended with September. World construction at the close of that quarter was smaller than at any time since the war and represents a decline of 165,000 gross tons in comparison with the quarter ended in June.

SUNDAY SCHOOL LESSON

DECEMBER 2. THE POWER OF THE EARLY CHURCH

Theme: Power To Help Others. Lesson—Acts 2: 1-41

GOLDEN TEXT—Whosoever shall call on the name of the Lord shall be saved.—Acts 2: 21

The Lesson Setting When—Probably May 30, A.D. 30. Where—Jerusalem. Who—Disciples, strangers in Jerusalem, many converts. What—Power to help others.

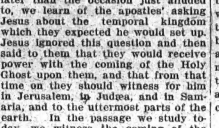

Questions On the Lesson Text What great fact in spiritual history do we commemorate on Pentecost? With what demonstration did the Holy Ghost come upon the disciples of Jesus? What were they doing at the time the Holy Ghost came upon them? What was the first evidence that they had received new power in their lives? What did the disciples promise a strong and fearless sermon on this day? To whom was this sermon preached? How all nations were to be saved? What did they eagerly ask of the disciples when they had been touched by Peter's sermon? What was the result of their confession? How many people were converted on that day?

The Lesson Story In our last lesson we looked upon Jesus as he sat with his disciples on the mount in Galilee where he had appointed to meet with them on the day of his resurrection, and we hear him commissioning them to spread the teachings of Christianity throughout the whole world, and to teach and baptize all nations in the name of the Father, and of the Son, and of the Holy Ghost. At a period somewhat later he expired he would send up Jesus ignored this question and then said to them that they would receive power with the coming of the Holy Ghost upon them, and that from that time on they should witness for him as apostles to Jew and Gentile, and to the uttermost parts of the earth.

In the passage we study today, we witness the coming of the Holy Ghost upon the disciples of Jesus. Not only upon the eleven, but upon a large company of converts who were gathered together in a house where they were worshipping God. We read that suddenly, while they were gathered together, they heard a sound as of a mighty rushing wind, and then saw what appeared like tongues of fire settling upon the head of each one of them, and at once they were all filled with the Holy Spirit and they began to speak in languages which they had never learned before. This was the particular gift of the Holy Spirit which was bestowed upon each and every one of the disciples, and it was a power which so gripped the hearers that no less than three thousand persons were converted on that day. Fearfully he told them of their persecution of Christ and of their wrongdoing and of the blood of the righteous which they had shed, and he exhorted them to be baptized, and we read that they all remained loyal to their new faith and carried the apostolic message of peace and of prayer from that time onward.

ASPIRIN

Say "Bayer" and Insist!

Unless you see the name "Bayer" on package or on tablets you are not getting the genuine Bayer product proved safe by millions and prescribed by physicians over twenty-three years for Colds, Headache, Toothache, Lumbago, Rheumatism, Neuralgia, Pain, Paln.

Accept "Bayer Tablets of Aspirin" only. Each unbroken package contains precise directions. Handy boxes of twelve tablets cost less than a cent. Druggists also sell bottles of 24 and 100. Aspirin is the trade mark registered in Canada by Bayer Manufacturing Co. of Monroeville, Pa., U.S.A.

While it is well known that Aspirin is a Bayer manufacture, to assist the public against imitations the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

London Loans Money To German Railways

British Government Not Involved in Business Transaction

A contract has been signed in London for a credit of £2,500,000 to the German state railways to be used in the purchase of coal. Of this amount £750,000 becomes immediately available, the remainder being subject to Germany providing certain guarantees. It is a purely commercial transaction in which the British Government is not involved and has no political significance, it is stated.

The guarantee for the loan is to be assumed by the German Government, rather than by private industry, the paper adding that the international capital will probably be invested in the gold note bank which it is proposed to establish.

U.S. Dirigible For Arctic Expedition

Will Give Assistance in Polar Flight

A United States naval aviator will participate in an attempt next summer to traverse the Arctic regions by airplane, the navy department at Washington has announced. Lieut. Ralph E. Henson will pilot one of the three planes, making up the convoy which will be commanded by Capt. Roald Amundsen, the Norwegian explorer.

The expedition will be transported on ships to Spitzbergen in May, and an adequate base will be established there. When ice conditions permit the fliers will be carried by the ship to a point about 450 miles from the north pole, from which their final "take off" will be made.

Airplanes of special design will be used, equipped to permit landings on ice, snow or water. Each will be equipped with radio sets for communication with the depot ship at the permanent base, which in turn will have wireless apparatus enough to relay the explorers' reports to the world.

W. J. BARTLETT, PUBLISHER

Blaimore, Alta., Thurs., Nov. 29, 1923

STATUTE OF 1625 SUPERSEDES

THE LORD'S DAY LAWS

VANCOUVER, Nov. 24.—That the

Lord's Day act does not govern in British Columbia, but that a statute enacted in the reign of King Charles I., of England, in 1625, governing Sunday observance, was the law in this province, was the contention of Wendall Farris, K.C., in police court here yesterday, in connection with the charge against Miss Laverock, of violating the Lord's Day act in promoting a Sunday concert.

Mr. Farris pointed out that in the Lord's Day act there is a clause which declares it shall not be effective if it affects, amends or extends existing legislation, and he argued that the province already had a Sunday observance law, quoting a statute of King Charles I. which it was contended provides no penalty for the promoter of a Sunday entertainment, but imposed a fine of three shillings on each person that attended ball and bear baiting competitions, etc.

Magistrate Shaw adjourned the hearing for a week to consider the question raised.

THEN AND NOW

Is it not about time the people of this province became a little more introspective? It is possible that the provincial government is not responsible for all the failures and misfits. As a people we are too much spoon-fed. Our forefathers in the older provinces went into the bush with a yoke of oxen, a cow, an axe, a hoe and a scythe. Some of them had wives, others waited until land was cleared and a small crop harvested before getting married. They built their own houses, made their own shingles, ox yokes, ax bows, A. drags, axes, handles, whip-saved the lumber for floors and doors, made their own roads to the nearest market, sometimes a distance of fifty miles, which could only be negotiated in home-made jumpers attached to a yoke of oxen in winter time. They didn't get government aid. Near the home farm is a rock cut about 200 feet long and in places 20 feet deep, and a fill of about an eighth of a mile and it did not cost the Ontario government one cent. And the road is straight and turnpiked. Here, if a fifty-pound rock rolls down on the roadbed teamsters drive around it and complain to the foreman about the obstruction. If a man has a prospect, he wants the government to build a trail to it. Thousands of dollars have been spent in Slokan and Ainsworth districts building roads to bluffs of country rock owned by party heeled. People who kick about a few dollars of taxes will spend hundreds of dollars during the year in fox-trotting and its accessories. People in New Denver and Silverton spend ten times as much money in dancing as in taxes. The people of British Columbia doubtless are sincere in their "approaches to the Throne of Grace," but unfortunately they expect the provincial government to "answer the prayer." Seventy-five per cent of expenditures of the provincial government in the past thirty years has been at the request of ratepayers, the other 25 per cent has gone to the cost of government, up-keep of mail, ticketers, etc.—New Denver Leader.

Wanted, another Alberta provincial police force, to keep kiddies from yelling when they see a piece of ice whirling on. And yet another force to prevent women from joining the curling club. People are getting too gay, nowadays.

DROVE A HUGE SUCCESS

The whist drive given at the Greenhill Grill last night under the auspices of the David Fraser Chapter of L. O. D. E., was attended by upwards of one hundred people and the handsome sum of \$58 was netted.

About twenty-eight tables were operated. Court whist proved a pleasing novelty and there is reason to believe will be adopted for many occasions in the future.

Prizes were awarded as follows: Ladies' first prize to Miss Agnes Marquis; first gent's prize to Mr. Harry Burns. Ladies' consolation to Mrs. A. Z. Smith, gent's consolation to Mr. A. Fairo.

A LITTLE HOBBY IS A WONDERFUL THING

Consider the Golfer, for he is the Son of Joy, and the heart of his wife rejoiceth in him.

He requirith not to be awakened, but ariseth at dawn, and arouseth the whole house.

Mighty are his preparations, and there is much rushing around among the women to find his THINGS.

He swalloweth his breakfast without complaint, and fortifieth himself at the font within his locker.

Optimism is his middle name, and in his bright lexicon there is no such word as "Rain!"

His moods, his grouches and his temperamentalism are known only to his God and his caddy; and, in the open where it can do no harm, he bloweth off the carbon of his brainstorms.

"The touch of liver" knoweth him not and dyspepsia is a stranger unto him.

The sun lighteth up his countenance, and his figure keepeth its beauty, embosometh cometh not near him.

He lacketh not a topic for conversation, and concerning his score, the TRUTH is not in him.

He is happy in his folly, and wearith the smile that will not come off. He prefereth a pleasant day unto a moonlight night, and a beautiful course unto a beautiful woman.

And a smile of approval from his caddy, he findeth more thrilling than the smile of blondes or sirens.

For every man must have his folly, whereon he wearith off the original sin within him.

And some choose wine, and some tobacco and some flirtation.

But the GOLFER exceedeth them all in wisdom.

And no man can be both a good golfer and a bad husband—Helen Rowland.

ST. ANNE'S ANNUAL BAZAAR

The annual bazaar, to be held by the ladies of St. Anne's church, takes place on the afternoon and evening of Wednesday, December 12th.

The bazaar will start at 2.30 p.m. Tickets for the big draw are already being sold, and the list of ten prizes are proving quite attractive. The drawing will take place towards the close of the bazaar. Tea will be served from 5 to 6 p.m.

BELLEVUE ORGANIZES

FOR HOCKEY

At a well attended meeting held at Bellevue on Thursday evening last in the interest of intermediate hockey, a club was formed.

The chair was occupied by Mr. J. J. McIntyre, who explained briefly the object of the meeting. The election of officers resulted as follows:

President—Thomas Bradley.
Vice-Pres.—E. Robinson.
Secretary-Treasurer—Charles Ritchie.

Executive Committee—W. R. Warn, Charlie Ray and E. T. Johnson. Following the election of officers, it was announced that Fischer Creek desired that Bellevue should so organize and join in an intermediate league with Coleman, Blaimore and Fischer Creek.

A meeting of representatives of the four clubs will be held shortly.

BLAINMORE CHAUTAUQUA

Three Days -- December 4, 5 and 6

Orpheum Theatre, Afternoon at 3.30, Evening at 8

First Day

Afternoon--Announcements

Superintendent

Entertainment Swiss Alpine Yodlers
The company consists of five, Mrs. Otto Fiechli, of the original group, her two daughters Elsie and Anna, her son-in-law, Otto Kueser, and the other player, Mr. Henry Marchetti. Mrs. Fiechli, manager and owner of the company, has sung with East Gardner and other notable persons, and is said to be one of the most perfect yodlers in Switzerland. Mrs. Otto Kueser, the contralto, is not only thoroughly trained in mountain yodling, but is also an entertainer of rare ability. Anna Fiechli, soprano, gives mountain songs in true Swiss fashion, echoes and yodels with all their original charm. No one in America can give such a genuine reproduction of these Alpine musical specialties as Anna Fiechli. The other which is the principal musical instrument of the Swiss people is played by Mr. Marchetti, who richly supports the work of the company.
Together with this specialized work, the members give several short acts and readings which are interspersed with mandolin and guitar solos. This company is undoubtedly the best of its kind in America today.

Admission 50c.

Evening Prelude Swiss Alpine Yodlers
Lecture--"Australia, the World's Curiosity Shop."

Norman V. Pearce.

A travel-lecture that is a real entertainment is Norman V. Pearce's contribution to the Chautauqua programme. Mr. Pearce is more than a lecturer. He is a finished actor, versatile artistic in his finger tips and with world-wide experience as a reader and entertainer. Mr. Pearce is an Australian and his stories of life there are revelations of the curious contrasts in that far-off land of the South Seas, with its highly progressive centers of industry and trade; its picturesque frontier where adventurers from all over the world have sought the elusive end of the rainbow; and where the savage blackman is still a reminder of days only a generation ago when cannibalism prevailed.

It is a well known fact that far too many Canadians know little or nothing about the other divisions of the Empire. It is also a well known fact that the same condition of lack of information exists as regards Canada. Everyone will agree that it is an excellent thing to present exchange lectures from various parts of the Empire.

Mr. Pearce, who is an Australian novelist, poet and explorer, will present his striking lecture on the first evening Chautauqua. He calls his lecture "A Trip Thru Australia, the World's Curiosity Shop."

Admission 75c.

Second Day

Afternoon--Recital

McPhee Concert Company

Lecture--"The Powder and the Match" Judge Alden

This autumn Chautauqua audiences are extraordinarily fortunate in having the privilege of listening to two lectures by that very keen student of men and public affairs Judge George D. Alden. In addition to years of legal training and practice Judge Alden served ten years on the bench. His overpowering realization of the duty and privilege of presenting to the people some of the real needs of humanity led him to accept engagements on the lecture platform.

Wherever Judge Alden has been heard, there have been requests for his return. He helps people, and the character that shines in his eyes, as well as in his burning words serve to demonstrate his passion for doing something worth while in this world.

Judge Alden does not "play to the galleries." His state facts. It is thorough analysis of his subjects brings conviction. But he isn't a lecturer who doesn't believe in fun. There will be times when you will rock with laughter. But in the end, you'll go home inspired, thoughtful, and you'll want to leave this a cleaner, a better, and a brighter world. If you hear the Judge in the afternoon, you'll hear him in the evening, that goes without saying. His first subject is "The Powder and the Match," his second, "The Needs of the Hour."

Admission 75c.

Evening--Recital McPhee Concert Company

The programmes given by the McPhee Concert Trio present the best music, well selected and well arranged. Not so popular as to be lacking in fine musical culture, and not so severely classical as to fail in popular appeal.

Ethel McPhee is a soprano with a natural voice of unusual power and sweetness. She was a soloist for six seasons with the Sheraton Concert Party--soloist in one of the largest churches in Detroit, and soloist with the Windsor Philharmonic Society, touring Ontario. Her tones ring with beauty and she has an appealing delivery.

Tor Hylton, Swedish violinist has played in the Symphony Orchestra in Stockholm, Sweden. Student of the famous Holland violinist Tobin Wilhelm.

Lecture--"The Needs of the Hour" Judge Alden

Admission 75c.

Third Day

Afternoon--Prelude

Alumnae Sextette

Lecture--"The Modern Treatment of Delinquents" Dr. Rivers
Dr. J. H. Rivers

A decade ago anyone who dared to mention moral delinquency in decent society was considered very ill-bred. Today we have social hygiene organizations in many parts of the Dominion and the good work is going forward rapidly. We are coming to a realization that the morally unfit must be properly taken charge of by the State, and that they should not be permitted to propagate their kind, thus filling beehive-minded homes, mental hospitals and other similar institutions with pieces of unfortunate humanity upon whom the sins of the fathers' have been visited.

More than this we realize to our horror that annually thousands of victims are drawn into the awful whirlpool of vice and disease. The light must be given to mothers and fathers and the young people. A very large percentage of crime can be traced to causes of heredity as well as to causes of environment. Penitentiaries and goals are being filled with unfortunates.

What are the solutions to these problems? Dr. J. H. Rivers, who has had long experience in dealing with wards of the Canadian government, will discuss intelligently and fully some of the phases of a subject that demands the earnest attention of every loyal Canadian.

Admission 75c.

The Alumnae Sextette

Evening--Orchestral and Novelty Entertainment--Alumnae Sextette

An orchestra which combines first-class ensemble work with clever individual selections will be the order of entertainment when the Alumnae Sextette appears on the programme. Vocal solos, cornet solos, violin solos, violin, cello and piano trio, impersonations, folk stories, xylophone solos, drum sketches--all of these will entertain and delight you.

In the afternoon of the last day of Chautauqua this Sextette will present the prelude to the lecture of Dr. Rivers. In the evening a full musical and novelty entertainment will be given.

Admission 75c.

Your Chautauqua is made possible by the local patriotism and public spirit of a group of men and women of this community. They have personally pledged themselves to the sale of the tickets necessary to bring the Chautauqua here. They are doing this without hope of a cent of financial gain, but solely for the purpose of upbuilding the community and making it a better place for you to live.

Buy your season ticket today. It will not only bring you a 100 per cent saving over single admissions, but it will put you shoulder to shoulder with the rest of the citizens who are working to make the Chautauqua a genuine success.

Read the programme carefully. See what a splendid offering of instructive entertainment and information there is in store for you. Then think how little it costs to attend on the season ticket plan.

COWLEY HAPPENINGS

W. MacKay has gone to Munson to reside.

D. R. McIvor, of Stettler, is a business visitor here now.

George Dwyer, of Three Hills, is a business visitor here this week.

A very interesting lecture was given here on Friday evening last on the work of the Presbyterian church in Canada and foreign countries. The lecture was demonstrated by lantern slides.

An unusually enjoyable time was spent at the whist drive on Wednesday evening. The prizes were won as follows: Ladies--first to Mrs. R. Littleton (a set of cups and saucers), Ladies--second to Mrs. S. Dunning (tea kettle); gents--first to Mr. Pitchcock (pair of silk socks); gents--second to M. A. Murphy (deck of fancy cards). Supper was furnished by Miss Nellie McWilliams and Miss Bernice Anderson.

On Thursday last the Women's Institute held an interesting meeting at the home of Mrs. A. Swart. Final arrangements were made for the big bazaar and the date was set for Saturday, December 14th, at 2 p.m. There will be several booths to accommodate the different kinds of work, which will consist of winter garments, women's and children's wear of most every description. Fancy goods will also be on display, as well as toys, notions, etc. Another pleasing feature will be the home-made cooking and candies. Tea will be served during the afternoon. A musical programme will be carried on during the day. All articles will be very reasonably priced and artistically displayed.

COLEMAN GLEE CLUB

STAGES FINE CONCERT

The Coleman Glee Club, an organization composed entirely of local talent, staged a grand concert at Coleman on the 21st of November. This concert was given for the benefit of Mr. T. Johnson, a member of the Glee Club, who has been out here for about fourteen months and is that time has been laid up with a broken leg for over five months. Mr. Johnson has been a very valuable member of the organization, and during his stay in The Pass has appeared at no less than thirty-two concerts in his role as a baritone.

The chair was occupied by Mr. D. Davidson.

The hall on this occasion was packed to the doors, even every foot of standing room being occupied, and everybody went away thoroughly pleased with the excellent programme rendered.

The programme consisted in part of the following:

Part I.

Soldiers' Chorus from Faust by the Society. "The Tack."

Soprano Solo, selected, by Mr. Altham.

Duet, "Largard Watch," by Messrs Smith and Jones.

Comic Song by Mr. Ernest Hill, and encore. Accompaniment by Mrs. Wilson.

Pianoforte Solo and encore, Mr. Altham.

Vocal Solo selected, by Miss Olive Hulme, and encore.

Instrumental Quartette from Coleman Band.

Chorus, "Pale in The Amber West," by the Society.

Intermission.

Part II.

Chairman's Remarks.
Chorus, "Half, Smiling Morn," by the Society. Also "Love's Old Sweet Song."

Vocal Solo, selected, by Mrs. F. J. Smith, of Hillcrest, and encore.

Violin Solo by Mr. H. Stobbs, of Hillcrest.

Comic Song and encore by Mr. Ernest Hill, accompanied by Mrs. Wilson.

Pianoforte Solo by Mr. Altham.

Instrumental Quartette from the Coleman Band.

Chorus, "The Crusaders," by the Glee Society.

"God Save The King."

We understand that this concert is to be repeated at Hillcrest on the night of Wednesday, December 11th, proceeds in aid of the church; and again at Bellevue on the night of December 11th, proceeds for a similar purpose.

An effort is also being made to have the Coleman Glee Society appear in Blainmore, possibly about December 19th.

Edna Conlin, little three-year-old daughter of Mr. and Mrs. Thomas Conlin, Calgary, was instantly killed when run over by an auto driven by Mrs. J. H. Huber on Thursday last. Two other children were injured.

The district meeting of the I. O. O. F. is to be held at Cowley on Tuesday evening next. A. McInnes and M. B. Huffman will represent the local lodge.

A pipeless furnace in this week being installed in the law office building of L. H. Potnam.

The first degree will be conferred at the regular meeting of Blainmore I.O.O.F. lodge next Tuesday night.

CURLERS' ATTENTION!

Calgary, Nov. 23rd, 1923.

To All Curlers:
At a meeting of the Executive Board held last evening, it was decided:

To open the Twentieth Annual Bonspiel at Calgary on Monday, February 11th, 1924.

To accept the new trophies offered for competition in the Robin Hood, Brewery, Burns' and Visitors' events.

To make the "Visitors' competition the outstanding event of the Bonspiel.

To adopt the Chalmers Progressive System for draw in the four open events.

To furnish locker with lock and key for each visiting rink.

To leave no effort untied to make this Bonspiel the best ever held by this Branch.

SAM J. BLAIR,

Secretary Alberta Branch R.C.C.C.

A tea will be given at the home of Mrs. J. McAndrew on Monday next, from 3 to 6 p.m. Proceeds will go towards the Tuxis Boys' Club Room.

Conservatives throughout the province are taking active steps towards re-organization. Meetings are being held this week at various points, and most of "the faithful" are being returned to life.

George Derbyshire underwent an operation for appendicitis at the local hospital last week and is doing well.

Councillor Evan Morgan and Secretary F. Wright are this week attending the annual convention of the Union of Alberta Municipalities in Calgary. They are due to return to town Saturday morning.

It's a joke on the present government to know that since coming into office as a dry government the provincial liquor stocks have been depleted by over a million dollars--and that's not counting the amount of money spent with less honorable bootleggers.

H. H. Parlee, K.C., of Edmonton, has been commissioned by the government to draft the bill which will later be presented to the legislature, outlining a system of liquor control authorized by the electors of the province in the recent referendum. Mr. Parlee is the lawyer who framed the four questions on the ballot.

A newspaper remarks: "Alas, the holidays are over and cabinet ministers are staggering back to Ottawa."

An odd method of settling law suits is practiced by some of the remoter tribes of Eskimos. When two natives wish to settle a dispute, each collects his family and friends to assist him. The parties meet at an agreed time in the biggest hut in the village and proceed to sing liberally to each other. The plaintiff's party chant a series of rough verses, insulting the defendant and everything that is his. Then comes the rival party's turn and for the next hour or so they are allowed to sing to their enemy, putting their insults into some sort of metre. The old men of the village act as judge and jury and the verdict is given to the side which, in the opinion of the aged experts, has compressed the largest amount of insult into the best verse and the most voice.

THE OLD FAVORITE AGAIN

Old subscribers of the Family Herald and Weekly Star of Montreal, fathers and grandfathers, mothers and grandmothers, who have known and read that remarkable paper for thirty, forty, and even fifty years, will be amazed by the improvements which are made year after year. Each year it would seem that perfection was reached, but still the Family Herald would launch some new feature and make improvements here and there, that always add to the value and attraction of the paper.

This year the publishers promise that those who wisely subscribe to the Family Herald and Weekly Star may depend upon vast improvements and greater value than ever before, with several pleasant surprises thrown in. For example, it is announced in a recent issue that a beautiful picture of a remarkably lovely woman, entitled "The Wonderful Heroine," will be given free to each subscriber who renews for another year and to new subscribers who result in time. Such value is amazing beyond words.

A sketch of "The Wonderful Heroine" life has been published in pamphlet form and our readers may obtain a copy by sending a postcard to the Family Herald and Weekly Star, Montreal.

THE FARCE OF PROHIBITION

Editor Enterprise.

Dear Sir:—One often laughs at the words of our prohibitionists when we read where they say how pleased they are with the way prohibition is being enforced.

I had the pleasure of travelling one of Canada's provinces in an investigation on the matter. I found that I could obtain a drink in every place I visited in the province, even at times

drinking with the policeman who was supposed to enforce the act. I found in one province a city of less than 20,000 population, where one certain gentleman could peddle all the booze he liked, because his uncle happened to hold a high position in that particular provincial government. Then I found that a policeman had once stopped him and the result was that the policeman was removed next day to another part of the world. In one city I found that the owners of places

where soft drinks were supposed to be served, but where really intoxicating liquors were sold, that about every two months they were brought up and fined two hundred dollars in a false name, thereby the magistrate, policemen and witnesses committed a crime themselves.

If the law says the liquor act must be enforced, why isn't it enforced? If a humble civilian knows that the police have large banking accounts and lovely cars, which I notice they have

in one particular province in Canada, why doesn't the commissioner get after them? I know of one policeman who was discharged from a particular force on the evidence of a corporal who said that "he heard he was drunk," although admitting that he himself did not see him drunk; but on investigation I found that the discharged constable was a little too straight for this particular force, so they said to several members of that force "Get a case against this man as soon as you can." He was shifted from his detachment for riding with bootleggers, yet the man who drove the car containing a murderer of a muzzled, people of Canada (Britishers constable of this force was driven to I mean). Rise and show that you headquarters by another bootlegger, want to exercise your own will power. Why couldn't the police drive him up. If you are a fool, that's your yourselves? Are they inefficient as misfortune. If you are wise, that's drivers? No, prohibition is a good to your credit. In conclusion, let me say that pro-

fortune out of it—not the bootleggers, but people who are supposed to stop it.

If the people of Canada claim they have as much intellect as the people of England, then let them sell their drink openly, and those who make fools of themselves can pay the penalty of the law, and those who have sense enough to have a drink and go home peacefully should have that privilege. The very first miracle our blessed Christ did was to turn water into wine, and who is there amongst my readers who would dare say it was only two per cent? No, don't be the car containing a murderer of a muzzled, people of Canada (Britishers constable of this force was driven to I mean). Rise and show that you headquarters by another bootlegger, want to exercise your own will power. Why couldn't the police drive him up. If you are a fool, that's your yourselves? Are they inefficient as misfortune. If you are wise, that's drivers? No, prohibition is a good to your credit. In conclusion, let me say that pro-

hibition has been responsible for a number of murders over Canada, and if your reformers stand for that, then they are encouraging a law that upholds murder, whereas God says "Thou shalt do no murder!"

FRENCH PREMIER CRITICIZED FOR GERMAN NOTE

Paris.—The allied council of ambassadors called to consider the text of the note to be sent to Germany reached a full accord at their meeting. The result was declared by the members leaving the council and by Marshal Poch to be particularly satisfactory.

The ambassadors adopted the text of two notes in Germany, one concerning inter-allied military control in the Reich and the other the return from Holland of former Crown Prince Frederick-William. Both notes were delivered to the German embassy as soon as they were signed by Premier Poincaré.

General de Castelnau expressed the opinion that the government's policy was too mild in the face of the resolute Nationalist and militarist spirit in the Reich. He advocated sterner action, with the Allies, if possible, but alone if necessary.

Abbe Wetterich and M. Frey, both representing the department of Alsace, spoke along the same lines. The attitude of the Paris news-papers toward the notes, which the Council of Ambassadors has sent to Germany may be summed up in the old adage: "Half a loaf is better than none." The papers agree that the notes were only feeble productions, but they also point out that the Allies preserved a united front.

The London—The speech by which France and Great Britain once more present a common front to Germany is heartily welcomed here, and not the least by politicians, who are glad to be freed even if the relief should prove to be only temporary from menacing trouble, while the domestic electoral fight is in progress.

May Erect Memorial To Bonar Law Here

Monument in Native New Brunswick Village in Progress P. J. Veniot, St. John, N.B., Premier P. J. Veniot had his attention called to the suggestion put forth to Dr. J. C. Webster, of Shediac, N.B., who is a member of the historic sites and monuments board of Canada, that the people of New Brunswick should show their appreciation of Andrew Bonar Law, by erecting a granite monument to his memory in his native village of Rexton, Kent county.

The premier thought the idea an excellent one, and said he would support it by vote and deed and asked that his subscription be taken.

REPORT GIVEN BY U.G.G. SHOWS PROFITABLE YEAR

Winnipeg.—A profit of \$523,000 was earned by the United Grain Growers, limited, in the year ended August 31, last. It was reported to the annual meeting of delegates from the shareholders held in Winnipeg. It was said Hon. T. A. Crerar, president of the company, the strongest report ever submitted to the shareholders. Out of the profits there was taken \$225,485.58 for an eight per cent. dividend; there was added to depreciation reserve the sum of \$159,107.96 to make up for depreciation not taken care of the previous year. With the balance of last year included, the total \$299,729.53 is carried forward in profit and loss account.

The company's current assets were reported at \$4,077,846.69 as against current liabilities of less than one-third that amount, or \$1,385,772.40. Of the current assets more than a million dollars, or \$1,041,831.81, was in cash on hand or in the bank. Advances on bills of lading and other debts due the company amounted to \$615,120.73, while stocks of grain, farm supplies, etc., were valued at \$352,299.28. The capital assets of the company amount to \$4,153,471.19, chiefly in elevator buildings, warehouses and equipment. The capital liabilities to others than shareholders, consist of mortgages, mortgage bonds and debentures amounting to \$1,674,140.24.

Capital stock subscribed now stands at \$4,320,100, of which \$2,821,305.69 is paid up. The general reserve is \$1,200,534.50; and the depreciation reserve is over one-third of the whole value of elevators, warehouses, and other tangible assets subject to depreciation.

Conservative Party To Organize

Prominent Conservatives to Address Gathering at Saskatoon

Regina.—The Conservative party in Saskatchewan is holding a large provincial convention in Saskatoon on Tuesday, December eleventh, with a view to organizing along Federal and Provincial lines. The unit of representation will be ten delegates from each provincial constituency. Prominent Conservatives, in addition to the official delegates, will be present from all parts of Saskatchewan.

The following speakers have been invited to address the convention: The Honorable Arthur Meighen; the Honorable A. P. Tominer; the Honorable Robert Rogers; the Honorable Howie Ferguson, Premier of Ontario; Major Fawcett Taylor, leader of the Conservative party in Manitoba; and Honorable W. J. Bowser, K.C., leader of the Conservative party in British Columbia.

Says Eskimos Should Not Be Hanged

Same As Hanging Civil Opinion of Labrador Missionary

London, Ont.—To hang an Eskimo for murder is the same as hanging a little child for murder. The penalties of Canadian law should not be imposed on the far northern inhabitants of Canada. They are ignorant of civilization's basic principles, and when they commit crime they know not what they do.

Dr. W. T. Grenfell, distinguished Labrador missionary, thus expressed himself in connection with the conviction of Eskimos charged with murder at Fort Herschel recently. "Ethically the Eskimo is just like a child of seven years. You would not hang a child of seven years, would you?"

Minister of Justice Is Not Resigning

Sir Lomer Gouin Denies Report on Reaching New York

New York.—Denial of the report that he contemplated resigning from the Federal cabinet because of ill-health, was made by Sir Lomer Gouin, minister of justice, on his arrival here on the White Star liner Majestic. Sir Lomer declared that, while his health had not been of the best for some time during his sojourn in London, where he was in attendance at the Imperial conference, it was now much improved and he had not considered the question of resigning from office.

Champion Mangel Grower

B.C. Man Breaks Record With Seventy Tons to Acre

Victoria, B.C.—Fred Barnes, of Croft Acres, near here, was declared to be the champion mangel grower of all Canada for 1923, according to word from Dr. Henry Dobie, plant growth and fertilizer authority. Dr. Dobie has been investigating mangel growing records from various parts of Canada. Mr. Barnes, with a production this year of 70 tons to the acre, was recently awarded the championship for British Columbia at the provincial fair. Dr. Dobie now proves that this is the record.

B.C. Rhodes Scholar

Shipping Turkeys East

Lake Saskatoon District Sending Two Carloads of Live Birds

Edmonton.—Real live Christmas turkeys which gobbled strutted and in general comported themselves as turkeys do upon a hundred farmsteads in the Lake Saskatoon district, north of here, are destined to find a last resting place amid rural tributes of cranberries upon the plates of Toronto citizens when December 25 rolls round.

Two carloads of live gobblers, shipped under the auspices of the egg and poultry marketing services of the Dominion and Provincial Governments, will leave Lake Saskatoon in two weeks time, on their first and last sightseeing trip.

In specially equipped cars, with simple feed and water en route, the turkeys will not only reach the Toronto market alive and well but will probably have gained in weight on the trip.

Pensions Board Law Is Very Inadequate

Enactment Short of Requirement Say Speakers at Toronto

Toronto.—That the Dominion legislation which created the appeal board to hear applicants on the reopening of veterans' claims for pensions fell far short of what was required, was the opinion voiced by a number of speakers who addressed the meeting of the patients in Christy Street Military Hospital. The meeting was under the auspices of the recently formed Veterans' Alliance. The speakers included Col. E. T. Hunter, Col. H. S. Cooper and Col. the Hon. W. H. Price, provincial treasurer of Ontario.

It was contended that there existed no adequate system whereby veterans could lay their claims before the board.

Facilities Increased

Capacity of Vancouver Grain Elevator 2,000,000 Bushels

Vancouver.—Wheat handling facilities at this port have been increased to the extent of 840,000 bushels additional storage. The new unit at No. 1 elevator, it is announced, will be ready to discharge wheat to ships on December 1. It increases the present capacity of the elevator to approximately 2,000,000 bushels and the efficiency by one-fourth.

Doukhobor School Burned

Nelson, B.C.—A Doukhobor school at Brilliant was burned, the police have been advised. This is the fifth school to be burned in Doukhobor community near Nelson or Grand Forks, within the year. In several cases the resident teachers have had narrow escapes.

WINTER RESORTS IN CANADA

MORE and more Canadians who spend their holidays in winter time are coming to realize that Canada offers pleasant surroundings for both winter and summer holidays. Photograph shows Parliament Building at Victoria, B.C., one of Canada's world famous garden cities, where many persons from other parts of the Dominion spend their winter holidays.

Canada's Wheat Exports Increase

Grows Best Grain for Milling Says British Miller

Minneapolis.—Canada is rapidly succeeding the United States in the wheat and flour export trade because of bumper yields, of high grade, low cost and disadvantages confronting American millers through the 30 cent tariff on import wheat, James S. Craig, one of the leading millers of Great Britain, said when he reached Minneapolis to attend the Golden Jubilee celebration of "the Northwest Miller."

Minneapolis and the United States are being left out of the export trade altogether, Mr. Craig declared. "Canada has the desirable quality of wheat for milling purposes," Mr. Craig said, "and it can be purchased cheaply. The capacity of Canadian flour mills has grown in recent years and they are a factor in the milling industry. There is very little exporting of American flour and wheat being done, proportionately."

Time Lost Through Industrial Disputes

Much Greater During October This Year, Report States

Ottawa.—Time lost due to industrial disputes was greater during October than during September or October, 1922, according to a report made by the Department of Labor. During last month there were in existence fourteen disputes, involving 2,491 employees and a time loss of 55,994 working days, as compared with 14 strikes in September, involving 1,844 employees and causing 35,237 days' time loss.

System Working Well

Canadian Ports Benefit By Enactment Regarding Duties

Ottawa, Ont.—Figures are in preparation showing the effect of the legislation enacted at the last session allowing for a 10 per cent. reduction in the duties when shipments arrive directly at Canadian ocean ports. The system is said to be working well with an increase of 30 per cent. in business through these channels compared with the same period last year.

Cairo Gets First News

Premier Promises Newspapers First Publication of Egyptologists' Work

Cairo, Egypt.—The Egyptian premier promised a depiction of new papers to obtain equal treatment for all Egyptian and foreign correspondents regarding the news concerning the work on the tomb of Tutankhamen. He said the communiques regarding the doings of Egyptologists in the tomb would not be allowed to be printed elsewhere until they had been published in Cairo.

Nova Scotia Wants Hebrideans

Tower of London Safe

London.—The Tower of London is safe for another 1,000 years, says an authority, despite rumors that the ancient buildings were badly cracked and were in danger of collapse.

Duty Not Affecting Wheat Export to U.S.

Ottawa.—Canada's export of wheat to the United States for the month of October indicates that the existing United States tariff is not keeping the Canadian article out of the American market. In the month mentioned, Canada shipped to the United States 2,319,000 bushels of wheat, while a year ago, the shipments were only 1,715,000 and 1,650,000 in October, 1921.

The exports of October just past were made in the face of a duty of thirty cents a bushel as against those of October a year ago, while in October, 1921, the duty was thirty-five cents a bushel. In October, 1920, when wheat entered the United States free of duty the Canadian exports to that country was \$311,000 bushels.

Doctor Cook Sentenced

Former Arctic Explorer Given Prison Term For Fraud

Fort Worth, Texas.—Dr. Frederick A. Cook, former Arctic explorer, found guilty of using the mails to defraud in oil promotion schemes, was given a sentence of 14 years and 9 months and fined \$12,000.

A. K. Eckman, the last of the defendants to be sentenced was given seven years in prison and fined \$12,000.

Dr. Cook was sole trustee of the Petroleum Producers' Association, Fred K. Smith, treasurer, was sentenced to seven years in prison and was fined \$12,000. S. E. J. Cox was sentenced to eight years and fined \$8,000.

Judge Millets passed sentence on Dr. Cook after a lengthy denunciation of the methods said to have been practiced by the former Arctic explorer. Dr. Cook, who made an international character of himself because of their efforts, was conducting a school of crime and operating a cold-blooded confidence game, disguised as the Petroleum Producers' Association, Judge Millets asserted.

Elevator Will Serve

Peace River District

Work on Start Immediately

Fort William, Ont.—Construction will be begun this winter on a new interior government terminal elevator at Edmonton, stated Chairman Leslie H. Boyd, of the Board of Grain Commissioners. The building will be under the control of the Board of Grain Commissioners and will be of the same capacity as that at Calgary, 2,500,000 bushels. Engineer C. D. Howe has the plans under preparation and the foundation will be laid immediately and the house will be ready for grain next fall. It is being built to serve the Peace River district, which produces large quantities of tough wheat requiring drying, and will also serve as a feeder from the Canadian National lines to Vancouver, as Calgary does for the C.P.R.

Seek Temperature Of Ocean Depths

Scientists Believe North Pacific Waters Affect Canada's Weather

Vancouver.—In order to obtain temperatures at a depth well below the surface of the North Pacific ocean, thermometers are to be affixed to the bottoms of all Canadian Pacific trans-Pacific liners by the Dominion Meteorological Department. Scientists now believe the temperature has an important bearing upon the weather of Canada, and the department is taking steps to learn if this is a fact. J. Patterson, chief meteorological physicist of the department in Toronto, was here to arrange for installation of the instruments.

Urge U.S. to Join World Court

Washington.—Representatives of Protestant churches of the United States urged President Coolidge to use his influence for United States participation in the world court and invited Secretary Hughes to take the initiative in calling an economic conference to consider the European problem.

The delegation represented practically every large Protestant body in the country.

May Visit Canada

London.—The Earl of Cavan, chief of the Imperial general staff, leaves directly after Christmas on an official visit to Singapore. He has also accepted invitations to visit Australia and New Zealand, and will return to England in May next probably by way of Canada.

LATEST REPORTS SHOW LABOR SITUATION GOOD

Ottawa.—While Montreal, alone among Canada's big cities, showed increasing employment at the beginning of November, the declines reported at Toronto, Winnipeg, Vancouver, Hamilton and Ottawa were slight. As registered by the Dominion Bureau of Statistics, employment trend throughout the entire Dominion at the beginning of the month was slightly downward. The construction industries continued to release large numbers of employees and manufacturing as a whole afforded less employment.

The bureau's figures are based on reports received from 5,890 employers with an aggregate working force of 512,202 persons on November 1, as compared with 510,831 on October 1, a month earlier. The contractions thus affected some 1,369 people. While the tendency is downward, it is pointed out that the situation is more favorable than at the same time in 1921 or 1922.

All the provinces shared in the downward movement, declines in the prairie provinces and in Quebec were most notable, while those in Ontario were nominal.

In the prairie provinces, the most important curtailment was in railway construction and maintenance. Improvement was reported in coal mines, biscuit and electric current establishments.

In British Columbia logging camps, coal and metallic ore mining were busier, but fruit canneries, sawmills, building and construction fell off.

Ottawa.—Unemployment among members of trades unions throughout the Dominion at the beginning of October is reported by the department of labor at 2 per cent, as compared with 2.2 per cent. at the beginning of September. On October 1 a year ago, the percentage was 2.8.

Unemployment generally among all branches of workers, organized and unorganized, as reported by the government employment service, continues to decrease during September, a record being shown in the number of placements made.

Canada Handling More Grain Shipments

Report Shows Gratiifying Increase In

Ottawa.—The growth of grain shipments through Canadian ports show a marked increase according to statistics at the Marine Department. Back in 1916 shipments of Canadian grain through Canadian ports totalled only 97,062,702 bushels and through the States 165,949,888 bushels. The tendency to overcome this adverse showing gradually is indicated by figures for the present year to September 1, by which time 108,548,485 bushels had passed through the States ports.

FOOD PRICES IN GERMANY ARE PROHIBITIVE

Berlin.—Germany is in the midst of a financial frenzy. Prices have passed all reason. Figuring in trillions of marks, the cost of a single meal at a hotel has seemingly unbalanced the minds of some of the producers, storekeepers and restaurant proprietors. An ordinary omelet of two eggs cost five gold marks or more than one dollar, and meat dishes twice that amount. The price of a single apple in the cafes is two and a half gold marks, or more than sixty cents. The prices of clothing and leather goods are proportionately high, and are still soaring. The cost of food in the markets is beyond comprehension as the supply is short and the producers are unwilling to accept paper marks.

Germans are travelling into Czechoslovakia, Holland, Austria, Poland and Denmark buying foodstuffs and all sorts of manufactured articles, thus duplicating the performances of the residents of those countries a year ago, when they invaded Germany and bought heavily before the price rose here in proportion to the marks decline.

Practically all the financial operations in Germany now take place outside the banks, as the official rate on the mark is 100 per cent. higher than the rate on the "Black Rouble." The illicit money deals are not only as easy as much as the banks, but they have actual marks while the banks pretend not to have them. Nearly every man, woman and child in Berlin is searching for bargains in exchange for efforts to save the excessive living costs.

The Rebekahs' whist drive on Thursday night last was crowned with the usual amount of success. The cake given by Mrs. James Patterson was drawn for and was won by her son George. The cake realized \$12, and was taken back home again.

A rumor is current that a well known Lethbridge man and friend of the present liquor act administration, is likely to have some say or connection with a license for Blairmore under the new system. The pub's watchful eye awaits results.

A most successful whist drive was held at the home of Mr. and Mrs. D. M. J. Conway on Monday night. About twenty tables were operated and the neat sum of about \$27 was netted for S. Anne's church funds. Refreshments were served by the ladies.

During the week we have received an enormous quantity of job orders from Coleman, as well as eight new subscriptions. Owing to the large number of no orders received during the past three or four weeks we find our paper supply somewhat short. In the course of another week, however, we will have added a few more quires and will be able to supply all. Paper for our Christmas edition has arrived—2000 copies—and for the next few weeks we will be busy getting type together for our big annual, the advertising columns of which will represent practically all business houses in the district. If any have been omitted or overlooked, kindly forward insertion order and copy for ad or greeting before the end of next week.

Prohibition has proved a broken reed in the hands of its advocates. They must readjust themselves to changed circumstances. Everything but prohibition favors genuine temperance work. The world was ripening rapidly for as widespread and effective temperance was as ever likely to attain before prohibition was erroneously, however well meaningly, thrust upon it. The last ground can soon be recovered if the proper efforts are once more put forth.—North Sydney Herald.

WHY YOUR TROUSERS

should be made by us to measure. Ill-fitting trousers spoil the entire effect of a suit no matter whether the coat and vest fit all right. Besides, there's your comfort to consider. Waist too tight or too loose, seat the same, pinching crotch, ungainly legs, awkward draping give you a sorry appearance. Try us on your next trousers and see the vast difference tailoring makes.
